

Tax Information from the Town of Pelham

The Town of Pelham's web site has been revamped and now includes public access to assessment information on all properties, including tax maps and photographic images of the properties. You have to know the parcel's tax ID and address to get the information. The tax ID is on your tax bill and is also available in bound books at the Assessor's Office on the second floor of Town Hall. The tax ID number is part of the "parcel ID" and starts with 1XX.XX-X-X etc. The web site address is <http://townofpelham.sdgnys.com/>.
